

How Your Parish's Digital Presence Enhances Stewardship

Learn the tools and tactics thriving parishes are using to connect with their parishioners like never before!

As often as Jesus called disciples to come and follow Him, He turned that invitation around and took His message to where the crowds were gathered. Jesus saw where the people were, and He went to them.

If today's parishes are to continue flourishing and thriving, we must follow Jesus' lead and meet people where they are. And where are they? In 2019, they're online and on mobile devices.

We live in a digital world. New platforms and devices are not threats to parishes. Rather, they're opportunities for parish leaders to engage with their parishioners in new and powerful ways. But only if used properly!

For this free webinar, offered exclusively in partnership with Pushpay, we've invited Jill Alberti - an experienced leader in Catholic marketing, stewardship, and communication - to join us. She'll share about how she works with her team to connect with parishioners like never before.
