Dear Name(s),

This letter comes with the hope that you and yours are enjoying fall and the many blessings that often arrive this time of year!

I've been inspired by the incredible generosity of our faithful. I appreciate very much the ways in which you have shared from your abundance in previous years to the God's Gift Appeal. Your generosity is obvious and it has helped keep God's grace and love flowing throughout the diocese through the many programs we are able to offer those who hunger for His goodness and truth.

**As of last week, we are \$162,980 short of our goal. I know you generously supported God's Gift Appeal last year for \$(0.00), but, not this year yet. If you haven't done so already, will you please consider making a gift to this year's God's Gift Appeal? Your support is needed and greatly appreciated.**

As you know, the God's Gift Appeal helps ensure the continuation of many programs, including educating our seminarians, assisting couples through marriage preparation programs, and monthly publications of New Earth. Funds from the appeal also enhance our evangelization and catechesis programs and other efforts that build up the Catholic faith in our diocese.

More than ever, the world is in need of Jesus Christ, His truth and message. The support of the God's Gift Appeal is one way we can help bring Jesus to others. Thank you, again, for your past generosity, and for considering an additional offering at this time, should your situation allow it.

Be assured of my steadfast prayers and blessings for you and your loved ones and I ask that you continue to pray for me.

Sincerely yours in Christ,
