**The Call to Serve**

God calls us to serve far beyond anything we could ever imagine. We were put on earth to act as stewards of God's plan of salvation for the world. We weren't created just to consume the earth's resources. God uniquely designed each of us to make a difference with our lives. For Catholics, we serve most commonly in our parish community. Prayerfully reflect on where you are called to serve as a servant of Christ. To learn more about the Christ's call to serve, go to the St. Alfred website at [stalfredtaylor.org](http://stalfredtaylor.org).

by committing to share:**

**The Call to Share**

Our personal and family resources are ultimately gifts from a loving and compassionate God. How we manage these gifts and share them with God through our family of faith is a barometer of our commitment to faith. People who make a decision to give to God from their first fruits and not the leftovers find that their faith is deepened, and rather than find themselves lacking, they become even more enriched spiritually.
