

You are the Light of the World

Your Parish Matters & Makes a Difference

Everyone is being affected by **Covid-19**. We are in this together. While utilizing new, creative, and virtual ways, your parish plays a critical role offering the Sacraments, building community, forming future generations, and providing for your spiritual health and well-being.

Please continue to support your parish and the United Catholic Appeal as you are able. Prayerfully consider giving online during this time to preserve valuable human and financial resources. Your parish is making a difference for you, your family, and your community. Steward it well!

Please understand that your pastor's UCA letter and materials were created before the crisis.
