

59th Annual ICSC Virtual Conference

Dear ICSC members, friends and colleagues,

The 59th annual conference of the International Catholic Stewardship Council (ICSC), which convened from September 12 to 15, 2021 in Orlando, Florida was hailed a success. There was a great spirit among the conference attendees, strategic partners and exhibitors.

For those of you who could not join us for the Orlando conference, we are now in the process of transitioning to a virtual conference. It will take place November 3 – 4 for Catholic dioceses, foundations and schools.

Spanish-language sessions will be offered on Friday, November 5.

Sessions for Catholic parishes will be offered in English on December 1 and 2.

Quickly switching gears, ICSC is now fully immersed in creating a dynamic virtual conference. This virtual experience is being crafted to offer different options for engagement.

Participants will have opportunities to continue their stewardship journey. The virtual conference will provide an engaging, accessible, and inclusive platform to convene the global ICSC community, enabling it to network, learn, share knowledge, and advance the ministry of stewardship in dioceses and parishes — a purpose that is more important today than ever before.

Registration information is now open. Check out the ICSC website at www.catholicstewardship.com for more details.

In Christ,

Michael Murphy
Executive Director
ICSC
