

PICTURE YOUR CATHOLIC LEGACY

Our prayerful hope is that you may use these resources to better articulate and share your story, your legacy. Reflecting upon the images you see consider which images most touched your heart. Using the questions below, share your thoughts about what the images bring to mind. This will be an important tool in articulating your legacy as you share your experiences, values and most important priorities: your story. You will want to reflect on this worksheet as you create your Family Mission Statement, Legacy Journal, and Legacy Video. Be sure to share these with your loved ones, professional advisors, and include it as part of your family culture and legacy. May God continue to bless you and your family!
